

Dear Fort Bend Community Church Family, (March 25, 2020)

As you already know, Fort Bend County and the surrounding counties issued a stay-at-home order. If you're not an essential worker, you're making the best of your work-from-home situation. If you are an essential worker, you may be going to your job in hear. Amid all this change I hold tightly to scripture. Hebrews 13:8 says, "Jesus Christ is the same yesterday and today and forever." May we never forget that God is with us in the good and bad.

We are following the stay-at-home order at church. The church is closed and all staff are working from home until April 3<sup>rd</sup>. We have spent hundreds of man-hours deep-cleaning, sanitizing and preparing for the church's reopening. We don't want you to be concerned about your health when you come to church.

We are grateful that the stay home order allows us to continue our streaming service. We have a small group of volunteers who are eager to serve you while we worship at home. Please continue to worship with us online each Sunday. [Click here for Sunday Worship](#). Please consider tithing online. [Click here to tithe online](#).

As I mentioned last week, we will be transparent with you throughout this time. I would like to report to you that no congregant, attendee or visitor of FBCC has a confirmed or suspected case of COVID-19 as of this date.

Thank you for your continued support of the church during this time. Our food fair this past weekend was a huge success. Within two hours, fifty seven volunteers, served over two hundred families and distributed 9,500 lbs. of fresh food.

Please let your congregational Pastor know how to care for you. We know that staying at home can be very challenging for a variety of reasons. We are here for you and want to care for you, in the name of Christ our Savior

With blessing and mercy,

Pastor Samuel Kwan, on behalf of the FBCC COVID-19 Response Team.
